

... AND FINALLY...

Most "Optimum Contact" users find short and long term savings multiply the tabulated figures generated in this document substantially due to many factors only discovered with the benefits driven from better and reliable equipment operation.

This study was prepared with the collaboration of your staff, from your records, with care and diligence, to provide accurate, complete results representative of real-time evaluation.

Hoping we have lived-up to your expectations, we tried to make this study easy to work with and, as much as possible, representative of your reality.

Thank you for your confidence
